The FD committee NA Italy proposes a series of three thematic workshops.

## The Twelve Concepts for Service in NA.

The work cycle will start on 28th February at 11 am (CET time).

In these sharing and deepening meetings, we will cover four concepts at time.

After the introductions and opening lectures, we will split into four Zoom separate rooms to brainstorm and answer questions about the ideal principles of our Service System.

... that no addict seeking recovery need ever die
